White
#FFFFFF · primary

Accent #FEFFED

The app's accent. One filled action per screen (Dock now, Save, Continue), toggles, checkboxes, selected states, overdue items, badges. Text on the accent is black. Never decorative.

Coral #FF5A4E + #FF8F86

Dock templates only: the two tones of the Bold clock. Never used in the app's own UI.

Chips and badges

W WhatsApp In use

App icons sit in 28dp rounded tiles. Use real app icons in build.

Shape and spacing

Cards 24dp radius, sheets 28dp top, pills full. 4dp grid, 20dp screen margins, 48dp touch targets. Flat: no shadows, gradients, glows or blur surfaces.

Motion

Calm and physical. Springs settle without overshoot. Nothing bouncy.

Sheets and cards

Soft spring, damping 0.9, stiffness 380 (about 320ms). Scrim fades to 60% black. Drag to dismiss follows the

Blur to focus

New content: blur 12 to 0, opacity 0 to 1, 4dp rise, 260ms, ease cubic(0.2, 0, 0, 1). Lists stagger 40ms.

Dock now morph

The pill expands into the full screen (container transform, 450ms emphasized). The thumbnail clock
